

MiraLucian LLC announces the release of *Beyond The Astral Planes* by Solitaire Parke

Beyond the Astral Planes is the first volume of the trilogy entitled THE LARGER WORLD.

As such, it is the initial look at the subject matter concerning the phenomenon known as "Out of Body."

The subjects covered within its pages include the associations between the scientific and the practical aspects of both Astral traveling and the evidence of life after death.

Although it is considered the beginner volume, it will be valuable to the seasoned veteran as well.

"I have read many books dealing with Astral Travel and the Astral Planes. I found this book to be the most complete and detailed book on the subject. I would list it in a highly recommended reading category. I predict it will be a number one best seller."
